STUDENT TESTIMONIAL

Khalid Al Ali
MBA Student

The One Year MBA program at Institute of Management Technology Dubai helped me bridge the gap between theoretical understanding and industry centric knowledge application by acquiring high-value industry skills, building connections, and preparing for real-world business challenges. Given the relationships formed within my evening cohort and the insights and knowledge gained from the esteemed faculty, this is an experience that I will never forget. I will always be grateful for the contribution of the institute made in my professional life.

The Earn while you Learn concept offered by IMT, Dubai is what truly intrigued me to pursue an MBA at IMT Dubai. The program not only provides me with an outstanding academic curriculum but excellent mentorship as well. The curriculum has helped me developed strategic and analytical thinking which greatly helps in the Industry as well.
